INMARSAT SERVICES UNDER RADIO ACCOUNTING AUTHORITIES AND INMARSAT SAFETYLINK PROVIDERS (NMA_C9.2018. Rev.2)

PURPOSE:

This Marine Circular serves to provide important information relating to responsibilities and approval of SSPs such as a RAA or Inmarsat SafetyLink Provider (includes a SafetyLink Billing Party).

DEFINITIONS:

The following abbreviations stand for:

1. "ITU" – International Telecommunication Union
2. "LRIT" – Long Range Identification and Tracking
3. "MES" – Mobile Earth Station
4. "RAA" – Radio Accounting Authority
5. "RCC" – Rescue Coordination Centre
6. "SSP" – Satellite Services Provider

The term "Administration" shall mean Nauru Maritime Administration.

APPLICATION:

All Nauru-registered vessels:

- 1) on which Inmarsat MESs are, or will be, installed; and/or
- 2) that are equipped with ship radio stations.

CONTENTS:

1. Shipowners are responsible for the selection of the SSP of their choice provided that the SSP is recognized by the Administration.
2. It is mandatory that all international maritime radio traffic charges for radio communication from ship to shore, both terrestrial and satellite, to be settled either by an approved RAA or SafetyLink Provider which has the legal contract with the owner of the vessel.
3. The approved RAA or SafetyLink Provider shall:
 - 3.1. assume the maritime mobile and maritime mobile satellite radio services accounting obligation.
 - 3.2. be fully responsible for the payment of the radio and satellite communication charges including all activation, deactivation and change fees.

- 3.3. provide a written guarantee to the Administration that no charges will accrue to the account of the Administration and the Nauru Government and ensure that the guarantee remains fully effective.
4. All ship owners / managers / operators should ensure that all radio and satellite communication charges are sent to the approved RAA or SafetyLink Provider only and not to any other third party. In the event that an approved RAA or SafetyLink Provider does not remit proper and timely payments on behalf of the ship station licensee:
 - 4.1. The ship station licensee will be responsible for making arrangements for another approved RAA or SafetyLink Provider to perform future settlements;
 - 4.2. The ship station licensee will settle any outstanding accounts due to radio stations or communications entities;
 - 4.3. The Administration will NOT be liable for any outstanding accounts due to radio stations, approved RAA, SafetyLink Providers, or any other communications entities.
5. All SSPs must maintain procedures for resolving complaints and/or inquiries from its contractual customers (i.e., vessels for which it performs settlements), the ITU, and foreign Administrations or their agents. These procedures must be available to the Administration upon request.
6. A SSP that causes a mandatory barring to be raised on a maritime mobile earth station must:
 - 6.1. notify the Administration 14 days in advance that the maritime mobile earth station will be barred;
 - 6.2. in the case of an unpaid account, ensure the invoice is outstanding for at least 3 months;
 - 6.3. implement the barring in such a way that the ability of a vessel to use distress communication, security alerts and transmitting LRIT Data is not impeded;
 - 6.4. be prepared throughout the 24-hour day to be able to quickly unbar the mobile earth station if requested by a RCC either directly or through Inmarsat, to facilitate RCC response to a distress situation.
7. SSPs that wish to obtain approval for Nauru-flagged vessels shall contact the Administration at flag@naurumaritime.com and submit the following documents:
 - 7.1. Certificate of Incorporation/Registration
 - 7.2. Company Articles of Association
 - 7.3. Audited Financial Statements from past 3 years
 - 7.4. Authorization as RAA by resident country (if applicable)
 - 7.5. Service Provider Agreement with shipowners
 - 7.6. Letter of Guarantee confirming:

7.6.1. that the SSP will assume the responsibility for all radio communication charges for Nauru-flagged vessels using its services.

7.6.2. Notify the Administration of any vessel contract commencement or termination.

7.6.3. Compliance with applicable ITU regulations
